Hi,
EPA would like to schedule a meeting for a day in the last two weeks of March to discuss the Site and how we envision moving forward. While additional details will be provided as we get closer to the meeting, I would like to schedule something as soon as possible. EPA is available on the following days:

March 21
March 23
March 24
March 28
March 29
March 31

Please let me know your availability for these days and whether you prefer a morning or afternoon meeting. I look forward to hearing from you.

I hope you are all well and enjoying this relatively mild winter.

Sharon
